Subject: Clean it up but do not spend too much

I've heard the EPA wants to get all pollution out of the river, but please make sure the cleanup doesn't harm jobs.

I want to see the EPA support a clean river. But I also want to see the EPA support a strong Portland economy. A strong economy relies heavily on the blue-collar jobs that exist on the Willamette River.

Please do what's right for Portland, our environment and our jobs.

Sincerely,
